## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kakarla on 6-26-2006.

The application has been amended as follows:

Please delete claim 9 and replace with:

9. A method for operating a test bench to carry out simulation drives of a vehicle placed on the test bench, comprising:  
contacting at least one wheel of the vehicle to at least one roller of the test bench;  
measuring a reaction torque of the roller in relation to the vehicle wheel on the roller of the test bench;  
determining a setpoint speed of the roller from the measured reaction torque;  
calculating a reaction force from the reaction torque and a radius of the roller;  
calculating a setpoint acceleration  $a$  of the roller from the reaction force  $F$  and a mass value  $m$  for the vehicle using the formula  $a = F / m$ ; and  
using the setpoint speed and the setpoint acceleration in controlling the roller.

***Allowable Subject Matter***

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance:

The independent claims 1, 10 and 12 recite "wherein the comparison between the setpoint speed and the actual speed is independent of speeds of other rollers on the test bench". This feature in combination with the remaining claimed structure avoids the prior art of record.

The reason for allowance of claim 9 is as stated in the Office Action dated 1-3-2005; however, the claim has been amended to more explicitly recite a tangible result.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Barlow can be reached on (571) 272-2269. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
